## THE MONACO

The Monaco is available in:-

**Small:** (pools up to 12'/3.60m wide).

**Medium:** (pools up to 16'/4.85m wide).

**Large:** (pools up to 20'/6.10m wide)

**Commercial:** (pools over 20')

Choose from three different options:-

**Standard:** Standard features and steering wheel

**Deluxe:** Standard features plus stylish, marine standard, deluxe steering wheel

**Premier with SmartGear:** Standard features, stylish, marine standard, deluxe steering wheel. Factory fitted SmartGear, a unique 3 to 1 reduction gearbox which really does make light work of winding a cover off a pool. SmartGear has been designed to be retro-fitted so one can be added to the Standard or Deluxe at a later stage.

The Monaco comes with adjustable feet to take the worry out of dealing with uneven paving. (Castors are available as an additional option). Steering wheels are available in Black or White and because the yoke has coaster bearings it makes winding on covers even easier.

So next time you are ordering your roller THINK British and order the best, choose The Monaco and rest assured you will be receiving a reliable reel that looks and works like a dream.
