LINERS

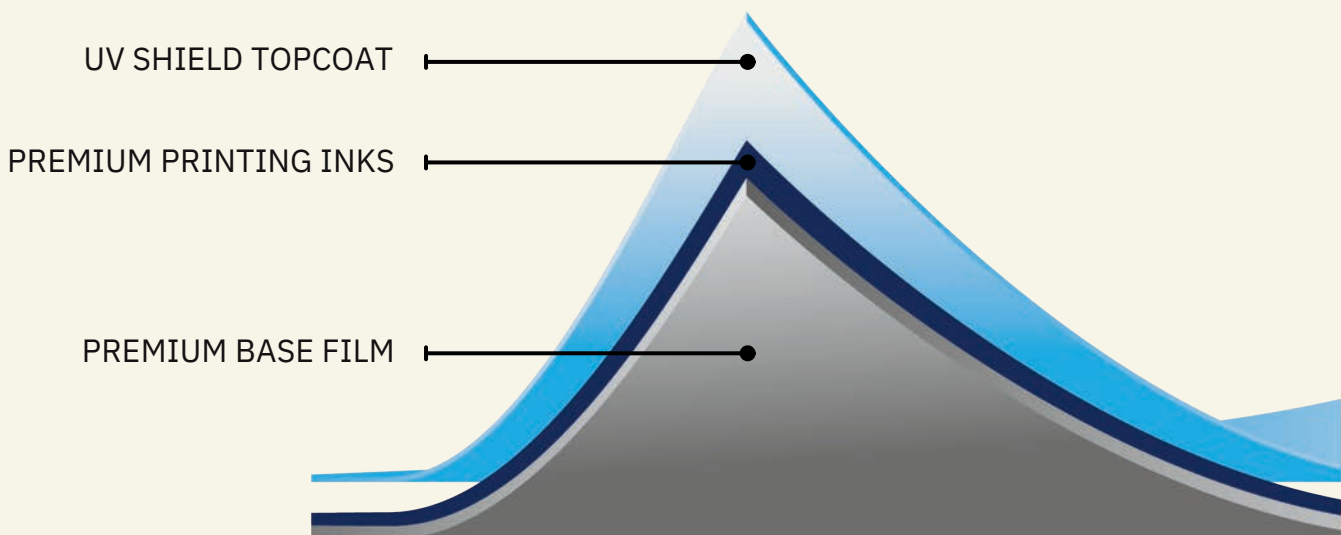

FLEXIBLE, ADAPTABLE & RESISTANT

The CGT Liner material is made of one layer of premium PVC film. This combination of engineered construction, technical performance and innovative design ensures the perfect fit for your pool.

CGT LINER ADVANTAGES

- Industry leading UV defense.
- Unparalleled bleach resistant formula achieves the lowest fading levels in the industry.
- Engineered specific protective topcoat to safeguard against stains and print wear.
- High resistance against material cracking.
- Superior handling for easy installation.
- 0.4mm to 1.0mm thick material
